

Welcome to the fifth issue of CIC Start Online E-News, a monthly overview of the recent and forthcoming activities of the project whose aim is to embed sustainable building design and refurbishment into practice by supporting academic/industry collaboration in developing and testing innovations.

**FREE Whole-day online event on Sustainable Refurbishment on 4th June 2010.**

This event will include an online exhibition, a conference and a networking facility. Access to the event is FREE following the registration in Events section at [www.cicstart.org](http://www.cicstart.org). Information on the exhibition pavilions (Environment, Society and Economy), rooms and fees is available from the link **Sustainable Refurbishment**. **Book your booth by 15th March 2010 and receive a discount of 20% for the exhibition fee! Click on the image below to enlarge a template of an exhibition booth.**

To book a booth please send an expression of interest to [admin@icstart.org](mailto:admin@icstart.org). For any questions and additional information on the event, please contact Dr Branka Dimitrijevic at [Branka@icstart.org](mailto:Branka@icstart.org), 0141 273 1408.

**The successful applications submitted for the first round of the CIC Start Online competition for feasibility studies were as follows:**

"Development of Post Occupancy Evaluation for evaluation of innovative low carbon social housing projects" by Mackintosh School of Architecture at the Glasgow School of Art and John Gilbert Architects.

"Embedding simplified post occupancy evaluation within the design process" by University of Strathclyde Glasgow and Page/Park Architects.

"Novel Solar Thermal Collector Design" by Heriot Watt University and AES Ltd

"Assessment and Application of Zero Carbon Building in Scotland" by Heriot Watt University and Integrated Environmental Solutions Ltd

"A Hybrid Solar Thermal Mass System Development for the Application to Tenants First Housing Co-operative's Zero-carbon Affordable Homes" by Glasgow School of Art, Edinburgh Napier University and Tenants First Housing Co-operative.

**The successful applications for academic consultancy were as follows:**

"Developing 'Homegrown' Natural Fibre Insulation Products" by Glasgow Caledonian University and Kraft Architecture.

"Independent verification of a climate based worldwide building energy index" by Glasgow Caledonian University and IES Ltd.

**The second round of the competition for joint [academic/industry feasibility studies](#) and for [10-days free academic consultancy](#) is currently open.** The submission deadline is 14 May 2010. Please click on the above links to find out how to apply.

**Registration with CIC Start Online is FREE.** Following the registration by accessing this [link](#), you will receive a set of headphones with a microphone to be able to listen to our forthcoming webinars.

**Contact:** [admin@cicstart.org](mailto:admin@cicstart.org) or 0141 273 1411

CIC Start Online is led by Glasgow Caledonian University in collaboration with Edinburgh Napier University, Glasgow School of Art, Heriot Watt University, The Robert Gordon University, University of Edinburgh and University of Strathclyde Glasgow .
